

360° Financial Advisory Expertise
for your illiquid and liquid
assets, since 1947.

 remaco

Research & Management Company, since 1947.

For your illiquid and liquid assets, since 1947.

As a partner-managed multi-family office for entrepreneurs, ultra-high-net-worth-individuals (UHNWI) and family offices as well as small and medium-sized institutions (such as foundations, pension funds), we provide a completely independent single source service – personal, discreet and with a long-term vision.

Remaco actively represents your interests, creates security for you and your descendants and ensures transparency and cost efficiency in the management of your assets.

360° Financial Advisory

Evidence-based portfolio management

Asset Management

Our evidence-based portfolio management is based on evidence, clear rules and is actively implemented without conflicts of interest. We eliminate the unnecessary and ensure through a comprehensible, transparent investment-approach based on scientific findings that your interests always come first, regardless of whether you use our own investment firm or a third-party bank for your financial investments. Moreover, our family office clients benefit from a cost-based, rather than an asset under management driven fee model.

M&A, private market financing, investments and divestments

Corporate Finance

We are also pleased to advise and support you with M&A transactions, financing as well as investments and divestments in the area of private market investments (direct company investments or indirect private market investments, such as private equity and private debt funds). This ranges from valuation and transaction advice through to subsequent asset servicing.

Asset structuring & servicing

Company & Trust Services
Legal Services
Accounting Services
Tax Services
Real Estate Services
Audit Services

We provide asset structuring & servicing for family companies, international groups with activities in Switzerland or owners of small and medium-sized enterprises (SMEs) as well as long-term structures (e.g. stock corporations, foundations or trusts etc.). We advise and support them from the foundation to the efficient ongoing management.

International

As a member of Nexia, a leading global network of independent auditing and consulting firms, we also support our customers in international matters and projects. This enables us to offer a partner-led internationally oriented and personalized service. With Nexia, we are present all over the world with over 600 offices and more than 25,000 colleagues worldwide.
